## **WESTERN MICHIGAN-BASED DORR INDUSTRIES RECEIVES FEDERAL CONTRACT FOR PICNIC TABLES**

**Grand Rapids, MI** –Western Michigan-based Dorr Industries today announced its outdoor product division has been awarded a contract by the U.S. Department of Agriculture Forest Service for the production of commercial grade picnic tables.

The five-year contract is for the production of up to 200 tables per year. Manufactured at Dorr's western Michigan location, the tables meet the standards of the Americans with Disabilities Act (ADA) accessibility guidelines. The tables will be used in the Daniel Boone National Forest in eastern Kentucky.

Dorr Industries has been in the metal stamping, screw machining and related metal fabricating business since 1957. The company was acquired by TG Manufacturing in 2008 and its outdoor furniture division was launched in August 2009.

According to Garret Strbik, business unit director for Dorr Outdoor Products, this is the second long-term outdoor product contract the company has been awarded in the last two years.

"We're very pleased to be awarded this contract, as it continues to build on our growing outdoor product and customer portfolio," Strbik said. "We will make our first delivery in the first quarter of 2011, with the remaining tables shipping out over the course of the contract."

TG Manufacturing President Rich Achtenberg said he is excited about the continued expansion of Dorr's existing diverse customer base and processes.

"Dorr is a leading provider of metal stamping, machining, screw machining and metal bending, and we're pleased to continue to expand our market share in the commercial outdoor furniture space," Achtenberg said.

**- More -**

Dorr also manufactures outdoor products for the State of Michigan as well as other federal, state, local, retail and corporate entities.

**About TG Manufacturing:**

TG Manufacturing is part of Tiger Industrial Systems, a diverse, U.S.-based manufacturing group of companies. The organization services customers in a multitude of industrial sectors including aerospace, food industry, HVAC, furniture, appliances, renewable energy and construction, among others. Tiger Industrial has a focus on utilizing modern technology, advanced manufacturing design and a skilled group of associates to produce world class products and manufacturing services. Other Tiger Industrial companies include TG Renewable Energy Systems, a global system supplier to the renewable energy industry, and TG Global Tooling Alliance.
