## **Western-Michigan Based Dorr Industries Announces it has been Re-Certified as ISO 9001-2008**

**Grand Rapids, MI** –Western Michigan-based Dorr Industries today announced it has been re-certified by American Systems Registrar of Wyoming, MI as ISO 9001-2008 compliant. The scope of this registration encompasses the manufacturing of metal stampings, metal fabricated assemblies, machined products and components.

Dorr Industries has been in the metal stamping, screw machining and related metal fabricating business since 1957. The company was acquired by TG Manufacturing, LLC in 2008. The company was initially ISO registered in 2003.

According to Laura VanBelkum, director of operations at Dorr Industries, the re-certification allows Dorr to maintain its world class benchmark status as a manufacturing company.

"Our success in achieving this goal is due to the tremendous dedication and teamwork of everyone in the company," VanBelkum said. "ISO registration supports our pursuit of continuous improvement and an ongoing commitment to provide our customers assurance of product quality."

TG Manufacturing President Rich Achtenberg said he is pleased to receive re-certification.

"The registration demonstrates our commitment to our quality operating systems and world class status manufacturing," Achtenberg said. "We are proud to continue our relationship with the esteemed group of organizations across the globe that have established ISO 9001 as the preferred quality assurance standard."

**- More -**

ISO 9000 is a series of internationally-recognized standards developed by the International Organization of Standardization which define requirements for the implementation of quality systems in operational procedures. The standards apply uniformly to companies in any industry and of any size. ISO 9001 applies to industries involved in the design and development, manufacturing, installation, and servicing of products.

**About TG Manufacturing:**

TG Manufacturing is part of Tora Group, a diverse, United States-based manufacturing group of companies. The organization services customers in a multitude of industrial sectors including aerospace, food industry, HVAC, furniture, appliances, renewable energy and construction, among others. The Tora Group has a focus on utilizing modern technology, advanced manufacturing design and a skilled group of associates to produce world class products and manufacturing services. Other Tora Group Companies include TG Renewable Energy Systems, a global system supplier to the renewable energy industry, and TG Global Tooling Alliance.
